Breakthrough Program

The WBC (Women's Business Center)

EmPWR Program (Equity & Prosperity for Women Reimagining Their Businesses)

This is a special 12-month initiative that runs through April 30, 2021. The program addresses the needs and opportunities of inclusive business owners post-COVID-19 pandemic. The focus of the program is to support, inspire, and enable women business owners to reimagine their businesses to not only survive COVID-19 but to thrive and prosper.

The WEOC WBC Program advances women past the challenges of starting or growing their businesses. We spur women entrepreneurs to explore their business ideas, develop their plans, and build their confidence to be successful.

WEOC WBC is an official U.S. Small Business Administration (SBA) Women's Business Center—one of two in the state of Indiana and strategically located at The NIIC.

The Breakthrough Program helps under-represented business builders in Allen County to break through barriers to embrace an entrepreneurial mindset. "You can be an entrepreneur. Yes, you!" Breakthrough Program catalyzes talent among disabled persons, immigrants, rural business builders, formerly incarcerated persons, U.S. veterans and other historically excluded community segments.

The goal is to increase entrepreneurial activity, economic prosperity, and social wellbeing. The program launched in 2019 through the generous support of the Foellinger Foundation. There is no cost to Trusted Connectors, partners, client entrepreneurs, and program participants. All costs have been generously funded by the Foellinger Foundation Breakthrough grant and The NIIC.
