

# TECHNOLOGY & INNOVATION AT THE NIIC

**Dedicated IT / Technology Wing**

### Dedicated IT / Technology Wing

The east wing in NIIC’s main building is well equipped for new and promising tech and innovative companies. Security and IT infrastructure is designed with tech innovators in mind. Experienced mentors and other top-ranking entrepreneurial resources (coaching, workshops, and events) are available to future-focused business builders.

**Business Incubation Space**

### Business Incubation Space

Designed for growth and flexibility, the Technology wing includes 14 furnished office suites for teams (650 – 1,300 sq. ft.) and 12 furnished executive offices. Each suite includes an individual closet to collocate your server. The entire wing is protected by secure access via proxy card and backup generators with 10-second delay. Boasting a 92% survivability rate, the incubation space is focused on building a confident entrepreneurial community and access to talent, capital, workspaces and networks. These are the key ingredients for

**Connected Health Lab (CHL)**

### Connected Health Lab (CHL)

The NIIC fosters new opportunities and relationships in digital health. Our programs and infrastructure connect entrepreneurs, business builders, corporations, and innovative groups with resources, tools, and networks. These all contribute to develop ideas into inventive products, new businesses, and expanded markets.

**Connected Health Gaming & Experience Lab**

### Connected Health Gaming & Experience Lab

Gamified user interfaces, Virtual Reality (VR), and Augmented Reality (AR) are the next wave of digital engagement leading to better user experiences and technology adoption. The NIIC’s Gaming & Experience Lab was established to support developers and companies in how to use these user immersive tools, and apply the tools to meet customer and user needs.

**NIIC Navigator® Online Community**

**NIIC Navigator® Learning Management System** is an online toolset for business builders. Think of it as an entrepreneur’s GPS, guiding them through the stages of starting, building, and growing a business. We recognize business paths change direction often. Business builders often pivot or reimagine their businesses. For that reason, the system documents user-history in real time and reroutes paths accordingly.

**NIIC Navigator Academy**

**The NIIC Navigator Academy** provides access to a global community of innovators and entrepreneurs, and resources and tools. Participation in The Academy is no charge through April 2021. The NIIC is waiving the registration and advanced-level Navigator Academy membership fees (valued at \$97 per month per person) to any company, organization, or micro-entrepreneur residing in Indiana. Sign up at [www.niicnavigator.academy](http://www.niicnavigator.academy)

Membership includes access to world-class business podcasts, motivational videos, productivity tools, resources for enhancing your online presence, and a global forum for asking questions and gaining advice.
